

# ALEXANDRE JAMMES

## CLOUD ARCHITECT

### ABOUT

Senior Cloud Solutions Architect focused on all aspects of Cloud Security.

### WORK EXPERIENCE

#### F5 Inc. 801 5th Ave Seattle, WA 98104

F5 Distributed Cloud Services are SaaS-based security, networking, and application management services that enable customers to deploy, secure, and operate their applications in a cloud-native environment wherever needed—data center, multi-cloud, or the network or enterprise edge.

<https://www.f5.com>

May 2021 – May 2023

#### Cloud Solutions Engineer

Solution selling, focusing on F5 Distributed Cloud, positioning multi-cloud networking, application security and kubernetes based pipelines. In the SME overlay role I was responsible for account discovery, product presentations, demonstrations, and proof of concept, including automation with terraform across multiple clouds with on-prem datacenters. In the cloud overlay team I was responsible for architecting CICD pipeline integrations including github-actions, docker containers, argocd, jenkins, nginx ingress controller. Cloud based Web Application Firewalls, API protections, and networking application delivery with GSLB as well as anycast architectures.

#### Highlights

Covering financial services in North America
